PRESENTED BY SCENE EXHIBITION

OVERVIEW

Scene Exhibition is the first of its kind in the UK and is a joint venture between YCH events and the Winter Gardens, Blackpool

The Winter Gardens plays host to over 20 different sets of a combination of fan-made replica props and costumes, along with movie cars that have been used in exhibitions and conventions across the country including David Hasselhoff's chosen UK KITT car from Knight Rider and eight other classic cars instantly recognisable to any film or TV fan.

The exhibition itself will have a number of fan made replica sets for the visitors enjoyment and will include free photography. (You really can go and stand inside a movie set).

The sets include:

Starwars

Back to the future

Knight Rider

Mad max

Ghostbusters

Jarassic Park

Only fools and horse.

Some of the props in this exhibition have never been seen by the UK public.

To make things more interesting at the weekends a number of themed events have been organised which will cater for adults and children alike.

Once you've taken yourself through New York City, rallied across Route 66, hit 88 mph and dropped in the Wild, Wild West circa 1885 then arrived into 1980's Peckham before jetting out through deepest, darkest space you can end your visit with a Terror Tour through a hell-raising attic, Kruger's Boiler Room, Camp Blood and end up in a bathroom scene where X really does mark the spot!

So whether your genre is sci-fi, action, 80's American TV or horror – we've got something for everyone, at the most affordable family experience exhibition in the UK this year.
